

100i Series

Commercial Performance at an Exceptional Price The 152iM XDZ Commercial Zero-Turn Mower

Ruggedly reliable...dependably durable...that's what you'll find at the core of every machine in this easy to maneuver zero-turn lineup. There's a high-performance Ogura® clutch and commercial-duty ZT3400 transaxles...there's the X-Factor® deck design and rapid blade tip speed...the virtually indestructible frame...the ergonomics and a comfortable ride. Add everything up and it's all about watching the grass fly and the revenue roll in. Period.

KEY FEATURES

Robust twin-cylinder engine options are not only high-performance, but create less vibration to minimize operator fatigue.

Commercial-duty ZT3400 transaxles provide extraordinary traction and enhance maneuverability so you get more done in less time each day.

Full suspension seat with lumbar support assures a comfortable ride and the twin-stick operator controls with dampeners make turning on a dime a breeze.

DRIVE TRAIN SYSTEM

Hydro-Gear® ZT3400 transaxles

Ogura® GT 2.5 electric clutch

10-gallon fuel capacity
