

ZT HD Series

Commercial DNA at a Consumer Price The ZT 2552HD Consumer Zero-Turn Mower

Those who cut grass for a living rely on high-performance mowers that are reliable... durable... easy to maintain... simple to operate... and ergonomically designed for comfort. As a property owner, that's what you want, too... and with a ZT HD zero-turn... that's exactly what you'll get... a professionally engineered mower that's right on the money.

KEY FEATURES

A heavy-duty cutting system efficiently takes on even the toughest mowing challenges; the result is a professionally manicured appearance.

Larger diameter tires both front and rear provide excellent traction and stability, as well as a comfortably smooth ride.

All operational controls are simple to learn and within easy reach, making the time you spend mowing a pleasurable experience.

ZT2552HD
